

STAR Kids is a new managed care program that will provide Medicaid benefits to individuals with disabilities under the age of 21. The Texas Health and Human Service Commission will be holding information sessions related to the STAR Kids program at various locations around the state in January and February of 2016. Sessions will be held for both families and providers, and we would like to invite those who may be impacted by this new program to join us to learn more. Information sessions will provide details on eligibility, program benefits, participating managed care organizations, and more. For more information on STAR Kids, please visit: <http://www.hhsc.state.tx.us/medicaid/managed-care/mmc/star-kids.shtml>
